

INFORMATION FOR THE USE OF VEHICLES IN COMBINED TRANSPORT

Your company is obliged to meet the codification requirements:

- To ensure every codified semi-trailer (SAnh) remains in good operating order.
- According to SAnh codification, any modification that alters the external structure, the sub structure, the tyre size or the strength properties of the SAnh, is possible only after approval from the codification centre.
- The SAnh must correspond to the EG- and ECE/EWG-directive.
- When requested from the codification centre, for SAnh provide the license plate to the police.
- In the case of selling or scrapping the unit, please inform the codification centre.

You acknowledge and agree, that the information provided for the request for codification is recorded and saved.

You must understand, that if false information is submitted or not compliant with the above requirements, legal action will be taken.

By entering a purchasing agreement for a Huckepack trailer, you agree to be legal and content with the information on this fact sheet.
